Abitare la Terra

CONCEPT+DESIGN MARIA LUISA BRIGHENTI

Abitare la Terra è un importante e articolato sistema ceramico ideato da Maria Luisa Brighenti, designer e ceramista, contraddistinto da straordinarie scale cromatiche dalle tonalità armoniche arricchite da colori a contrasto -*Accento*- e da inedite strutture decorative. Con i suoi 17 colori in bicottura smaltata e 9 in gres fine porcellanato soddisfa ogni tipologia di progetto sia residenziale che commerciale. La combinazione fra tradizione mediterranea e design contemporaneo e la possibilità di coordinare ambienti interni ed esterni fanno di Abitare la Terra una soluzione stilistica coerente e funzionale. Declinata in numerosi formati modulari, Abitare la Terra è un progetto autentico e a tutti gli effetti capace di mettere in relazione l'identità Cerasarda con l'evolversi degli stili dell'abitare.

With its 17 colors in double fired glazes and its 9 in fine porcelain stoneware, it satisfies every type of project, whether residential or commercial. The combination of Mediterranean tradition and contemporary design together with the possibility of coordinating internal and external environments make Abitare la Terra a coherent and functional stylistic solution. Articulated into numerous modular formats, Abitare la Terra is an authentic project capable of relating the Cerasarda identity to the evolution of lifestyles.

A casa di Martin J.

Ibiza, Spagna

Architetto, Martin J. alterna la sua residenza texana con quella nell'Europa mediterranea, sua terra di elezione. L'interesse per la cultura dei materiali naturali dell'architettura europea caratterizza il suo stile progettuale. Nella sua residenza a Ibiza Martin ha scelto la linea *Abitare la Terra* per la combinazione di tradizione mediterranea e design contemporaneo. La possibilità offerta da questa collezione di coordinare ambienti interni ed esterni ne fa una soluzione stilistica coerente e funzionale.
