ASPEN

Gres porcellanato effetto pietra dallo sviluppo grafico tipico delle pietre tagliate in falda. Le venature lineari sono miscelate con sfumature più arrotondate, per creare un piano di posa di grande effetto naturale. Per un sicuro uso esterno è disponibile anche una superficie antiscivolo con spessori 20 mm - 30 mm.

Porcelain stoneware with the look of stone cut along the grain. The linear veins are mixed with softer color shades to enhance the natural effect. Two of the colors are also available in the skid resistant version for outdoor use, available in 20 mm - 30 mm.
